SEPARAKA HOLDINGS

Full grounds, every match day.

Fans miss matches when fixtures travel by word of mouth. Put every fixture, kick-off time and results on their phones, and they keep coming back to the grounds.

- Fans always know who plays and when, so more of them come.
- Results and team profiles in one place, so the tournament grows every year.
- Your tavern, bottle store and shisa nyama on every page, with match-day specials straight to fans' phones (18+ only).

Ask me to show you live sites and a working app on your phone.
