Hollard reserves the right to provide or refuse insurance cover based on this ITC check.

Sharing of Information

It is acknowledged that the sharing of claims and underwriting information (including credit information) by insurers is essential to enable the insurance industry to underwrite policies and assess risks fairly. Furthermore, you consent to such information being disclosed to any other insurance company or its agent. SUMMARY OF COVER

This is a summary of the types of cover that are available when insuring your Taxi vehicle. This summary is for your information only and does not form part of the insurance contract.

How we pay out after a claim depends on the type of insurance cover you have selected. The three types of cover are set out below. All cover is subject to the maximum amounts shown in the limits page of the schedule. If you are unsure of the cover that applies to you, please check your schedule.

Comprehensive cover - you are covered for accidental loss or damage to your vehicle from any accidental cause, as well as any resulting liability to third parties.

Example

You're travelling on the highway and crash into the car in front of you. We will pay for the damage to your car, as well as any possible legal liability for damage to the other car

Third party, fire and theft - you are covered ONLY for accidental loss or damage to your vehicle caused by fire and theft, as well as liability to any third party

Example

If you are travelling on the highway and crash into the car in front of you, we will not pay for damages to your car, because the damage was not caused by fire or theft. We may pay for any possible legal liability for damage to the other car.

However, if your vehicle is stolen from a shopping centre, we will pay for the loss because it is caused by the theft.

Third party only - you are NOT covered for accidental loss or damage to your vehicle ONLY the third party is.

You are covered ONLY for liability to any third party.

Example

If you are travelling on the highway and crash into the car in front of you, we will not pay for damage to your car. We may pay for any possible legal liability for damage to the other car. Your own vehicle is never covered, irrespective of any loss or damage it may sustain.

HOW TO CLAIM

1. Tell us Right Away

Tell us about every event that may lead to a claim as soon as possible, but not later than 30 days after an event. Give us all the relevant details.

2. Do not Admit Liability

Do not under any circumstances admit liability for the event that led to the claim, or make misleading promises to anyone. This means that you should not:-

- Make any statements (unless required by law)
- Offer payment to anyone
- Negotiate with anyone claiming from you

3. Inform the Police

Inform the police immediately, but not later than 48 hours after the event. This is particularly important when property has been stolen, people have been injured or died, or a criminal act is suspected. Take all reasonable steps to recover any stolen property and, where safe to do so find the guilty person.

4. Send us the following within 30 days

If you haven't already dealt with this when you first reported the claim, please ensure you send us the following within 30 days.

- Full written details of the claim (on our standard forms, if required)
- Particulars of any other policy covering the claim
- Any other documentation we think is necessary to handle the claim (such as police documents, receipts, invoices or witness statements)
- Proof of value and insurable interest, if required by us.

5. Send us all documents you may receive later

Send us any further documentation you may receive later (such as a letter of demand).

6. Help us with any legal proceedings.

Your assistance may be required if we decide to start legal proceedings against any party responsible for the loss. Note that any such legal action may be taken in your name.

7. Sign a release

You may have to sign a release before we pay you.

8. Claim Procedure is at your own expense.

Unless we specifically offer to pay or make provision for payment, the entire claim procedure above is done at your own expense.

YOUR RESPONSIBILITY AS THE POLICYHOLDER

Give us accurate information

You must make sure that all the information you give us about yourself, your vehicle and your risk profile is accurate. Your risk profile includes information on your previous loss and claims history. Incomplete or incorrect information could affect the validity of your policy, and may result in us voiding your policy.

You must tell us immediately of any material changes that may increase the risk of loss or damage to your insured vehicle. We will then have the right either to cancel the policy, or let it continue with new terms and conditions.

We may check all information

In order to ensure that your risk profile is correct, we may verify all information you give us - including your claim history with other insurers and your safety record as a driver. If any information is found to be missing or incorrect, we may reject your claim or cancel your policy.

Be aware of how we use this information

Please note that the information you give us will be stored on databases and shared with other parties in the insurance industry in order to gather industry statistics, improve the quality of risk assessment and combat fraudulent claims. It is important to understand that this information will remain at the disposal of these parties, even after your policy with us ends.

Prevent/minimise loss or damage

You must take reasonable steps to prevent loss or damage to your insured vehicle, or we might not compensate you for any loss or damage. For example, you must not leave your vehicle in an abandoned area.

Tell us if you wish to cancel the policy

You may cancel the policy at any time. If we wish to cancel the policy, however, we must give you 30 days' written notice. If your policy is an annual one, we will pay back the premiums we received for the period after the date this policy ends.

Pay your premiums on time

Your premiums - whether paid monthly or annually - must reach us on time. All premiums are payable in advance, before your policy starts.

Monthly premiums

Monthly premiums are payable by bank debit order. Your very first premium must be paid on time in advance; there is no grace period.

A grace period is where we have agreed to keep you covered for a specific period, although your premium for that period has not been paid on time. The grace period always ends on the date the next premium is due.

If you miss a payment for any subsequent month, we will keep you covered for that month as a grace period. We will, however, request payment (by debit order) of two months' premium the next month. If we do not receive the two months' premium, or you instruct your bank to stop the payment, your policy will be automatically cancelled. This cancellation will be backdated to the date on which your first payment was supposed to have been made. No cash payment by you after the grace period, without our prior agreement, will be accepted or will reverse this cancellation.

Any claims you may make during the grace period will not be settled until you pay all premiums still outstanding, or agree to them being deducted from any settlement.

Annual premiums

If you are paying annually, you are allowed a 30-day grace period after the start of your policy to settle your payment. If you miss this deadline, your policy will automatically lapse. Any claims you may make during the grace period will not be settled until you pay all premiums still outstanding, or agree to them being deducted from any settlement.

If we pay you for a total loss we will not pay back any premiums we received.

Tell us of any changes

You are allowed to request a change to the policy at any time. Please note that the changes you request may require us to amend the terms and conditions of the policy.

We are allowed to request a change in the policy from you - for example, an upgrade of your tracking device - provided we give you 30 days in which to do it.

Avoid fraud

All dealings concerning this policy must be done honestly and in good faith. If you are found to have engaged in fraudulent or dishonest behaviour, you will lose all rights to claims and premiums and your policy will be cancelled from the date of the fraud. Moreover, we may take legal steps to recover damages from you.

Examples of fraudulent behaviour are:

- providing false information in support of a claim or about your risk profile
- making a claim that you know to be false, fraudulent or exaggerated
- obstructing the outcome of a legal matter.

Observe all terms and conditions

Terms and conditions are basically the rules you have to stick to in order for the policy to be valid - for example, paying your premiums on time.

Some conditions are so strict that they are actually guarantees on your part - for example, that your vehicle is fitted with a tracking device (if required).

Make sure you understand all terms and conditions; if you don't, it may result in us refusing to pay you out for a claim.

Review your policy regularly

Please check your policy details, including vehicle values, regularly and tell us of any changes so that we can provide you with the best policy terms, conditions, premiums payable and fair claims settlements.

We will assume that you have received and read any correspondence e-mailed or posted to your last known e-mail or postal address.

Report Claims Within 30 Days.

Report all events which may lead to a claim in terms of the policy within 30 days of the date of the event. Even if you do not intend to claim for loss of or damage to your own vehicle, you must still report any event which involves another party within the 30 day period and irrespective of whether or not you or the driver at the time believe that the event was caused by the other party.

If you do not report the event within 30 days of its occurrence we may repudiate any claim arising from that event.

Driver's Licence

In the event of a claim you must be able to show us that the driver of the vehicle at the time of the loss or damage had a valid driver's licence and professional driving permit.

We may repudiate your claim if the driver at the time was not properly licenced as required by law.

Total Loss - Not Repairable:

Documents are required as for repairable damage. If there is outstanding finance on the vehicle we will need to liaise with the bank in order to obtain the settlement amount and registration documents of the vehicle. You will need to sign an Agreement of Loss form. As there are many variables it is not possible to provide a precise timeline for total loss claims. We do endeavour to settle claims in the shortest possible time.

Whilst we make every effort to ensure you fully understand the insurance product we have supplied there are certain facts we are obliged in terms of legislation to ensure that you not only know about but understand. The most notable being the Financial Advisory and Intermediaries Services Act (FAIS).

The most important objective of these obligations is to ensure You, our client, has full knowledge about the organisations involved in delivering the service to You as well as full understanding of the product You have purchased. Whilst every effort has been made to ensure we have achieved this objective if at any time you feel we have not provided you with information required or You do not understand the information we have given you, please ask us - do not assume! Whilst this information is important it does not form part of Your actual policy wording.

So what is it that we need to tell you? Let us start by explaining some of the terminology you may have heard about or may encounter in Your dealings with us:

Financial Service Provider	This is generally us your insurance broker, sometimes referred to as an Intermediary.
Product Provider	This is your insurer.
Underwriting Manager	They are appointed by a Product Provider (Insurer) to manage a specific type of product on their behalf. This is due to the specialist knowledge of the staff of Underwriting Manager and their ability to deliver a very focused and cost effective service.

It governs, amongst other things, the following: 1. The financial stability of the Financial Service Provider, 2. The Honesty and Integrity of the Financial Service Provider, 3. The ability of the Financial Service Provider to look after the client, 4. The formal qualifications required by the key staff of any Financial Service Providers who give You advice, 5. The methods and technical content of the advice given to You, 6. Penalties for breaches of any of the regulations required in terms of the Act; these include fines, imprisonment and loss of the ability to carry on business, 7. The need for us to have a Compliance Officer to ensure we meet all our obligations in terms of the Act.
Policy Holder Protection Rules	These require some additional duties to be adhered to by Insurers in respect of clients purchasing personal insurances. Where applicable to You these will be pointed out in this document.
Ombudsman	The independent body created to further protect the client and deal with any disputes between insurers and clients. There are currently two such Ombuds: The Short Term Insurance Ombud deals with disputes on personal insurance matters e.g. Your personal motor or household insurances. The FAIS Ombud deals with all disputes for all types of clients that arise out of the provision of advice as dealt with by the FAIS Act.
Financial Services Board	The body that administers the FAIS Act and other legislation relevant to insurance.

SASRIA LIMITED

Reg. No. 1979/000287/06

ANNEXURE 15**MOTOR POLICY OF INSURANCE
FOR SPECIAL RISKS
in respect of property as defined**
-----**THE POLICY****DEFINITIONS**

1. Wherever the term 'Sasria' is used it shall refer to Sasria Limited.

Wherever the word 'property' is used it shall be deemed to mean any motor car or vehicle, trailer, implement or machine of any description for specific operational purpose with or without means of self-propulsion capable of being driven or towed on any road and any accessories or spare parts whilst thereon.

WHEREAS the Insured has paid the premium stated in the Schedule to this Policy (which schedule shall form an integral part of this Policy) to Sasria as consideration for the insurance hereinafter contained in respect of loss or damage occurring during the Period of Insurance stated in the Schedule of this Policy.

The policy will cover for third party only if the third party vehicle does not have Sasria cover and the loss or damage to property happened as a result of the Sasria peril

NOW this Policy declares subject to the terms, exceptions and conditions contained herein that Sasria will indemnify the Insured against loss of or damage to the property described in the Schedule directly related to or caused by:

- (i) any act (whether on behalf of any organisation, body, person, or group of persons) calculated or directed to overthrow or influence any State or government, or any provincial, local or tribal authority with force, or by means of fear, terrorism or violence;
- (ii) any act which is calculated or directed to bring about loss or damage in order to further any political aim, objective or cause, or to bring about any social or economic change, or in protest against any State or government, or any provincial, local or tribal authority, or for the purpose of inspiring fear in the public, or any section thereof;
- (iii) any riot, strike or public disorder, or any act of activity which is calculated or directed to bring about a riot, strike or public disorder;
- (iv) any attempt to perform any act referred to in clause (i), (ii) or (iii) above;

Note: In this Policy, the term 'Public Disorder' shall be deemed to include civil commotion, labour disturbances or lockouts.

Sasria may at its option repair or replace such property or any part thereof or may pay in cash the amount of the loss or damage not exceeding the reasonable retail value of the property insured in the Schedule of this Policy subject always to Condition 8 of this Policy.

If the property insured is the subject of a hire purchase or similar agreement and the seller or lessor (hereinafter referred to as the 'Owner') is interested in any monies which would be payable to the Insured under this Policy in respect of loss of or damage to the property insured (which loss or damage is not made good by repair or replacement) such monies shall if so requested in writing be paid to the said Owner and/or to the Insured to the extent of their respective interests as long as they are interested in the said property, and their receipt shall be a full discharge of Sasria in respect of such loss or damage. Save as herein expressly provided nothing herein shall modify or affect the rights and liabilities of the Insured or Sasria under or in connection with this Policy or any condition or term thereof.

In the event of any part accessory or fitment of whatsoever nature needed to repair or replace damage to the property insured being unprocurable in the Republic of South Africa, as a standard ready manufactured article or in the event of any such article being denied to the Insured for any reason the liability of Sasria shall be met by the payment of a sum equalling the value of the said article at the time of the loss or damage but not in any case exceeding the manufacturer's last list price operative in the Republic of South Africa.

If the property insured under this Policy is disabled by reason of any loss or damage Sasria will pay the reasonable cost of protection and removal to the nearest repairers. Sasria will also pay the reasonable cost of the delivery to the Insured after repair of such loss or damage not exceeding the reasonable cost of transport to the address of the Insured in the Republic of South Africa.

7. Limitation

In no case whatsoever shall Sasria be liable under this Policy after the expiration of 12 months from the happening of the event unless the claim is then the subject of Arbitration, or Court proceedings already instituted.

8. Average

if the property insured hereby shall at the commencement of any destruction or damage to such property be of greater value than the total value on risk appearing in the Schedule to this Policy in the case of the Motor Dealer or Fleet Owner then the Insured shall be considered as being his own insurer for the difference and shall bear A rateable share of the loss accordingly.

9. Total Loss of Property
